

Most manufacturer device protection plans offer a great start for safeguarding your device, but they often have restrictions and leave a few key gaps that are not ideal for many students.

That's where the CollegeCare Plus Plan comes in. This affordable option complements the manufacturer plan by:

- Adding a crucial 4th year of coverage that also protects against accidental damage from handling
- Reimbursing any service fees charged for covered repairs in the first 3 years
- Covering accidental damage not covered by the manufacturer in years 1-3

Coverage Details

Year 1*	Year 2*	Year 3*	Year 4
Protection Plan Coverage
